

116

With F.M.L.

HOW TO GET THERE...

Elsewhere in this edition is a map of the route to Tully Stadium in the Spring Branch area of Houston where Cameron plays its second consecutive quarter-final game, this time with Hamshire-Fannett.

The games get tougher the higher we go, but the effort of the McGregor contest should give the H-F Longhorns a toss from Tully's astroturf.

The Yoemen went to Baylor Stadium this week to work out on astroturf there, using the special shoes and "burn pads" necessary for this surface.

116-116-116

We invite everybody and particularly non-tennis players to look at the completed courts at Cameron City Park. Lines and nets are in two of the four, and only a little surface painting awaits the other two.

Players already are using the courts, particularly in early evening. The lights are excellent.

116-116-116

To say the least, I was surprised and flattered to be invited to sing a quartet number at Cameron's First Baptist Church, which Phil Smith, the music director there, encouraged. Jerry Bartley, the bandsman, Elmer Jones, Smith and I put a couple of spiritual choruses together.

It's in the "who cares" category of information, but about 16 years ago I was asked to sing in the old First Baptist Church which was pulled down from that corner to make way for this one.

When there was time, I used to work with a choir at First Presbyterian and filled in at First Methodist a number of Christmases. Is that ecumenical enough?

Smith, a bass, seemed genuinely surprised I had a tenor voice. At times, so am I. It's a span of time from St. Louis' Kuehl Auditorium to Cameron.

United Way Drive Opens, \$10,000 Goal Set

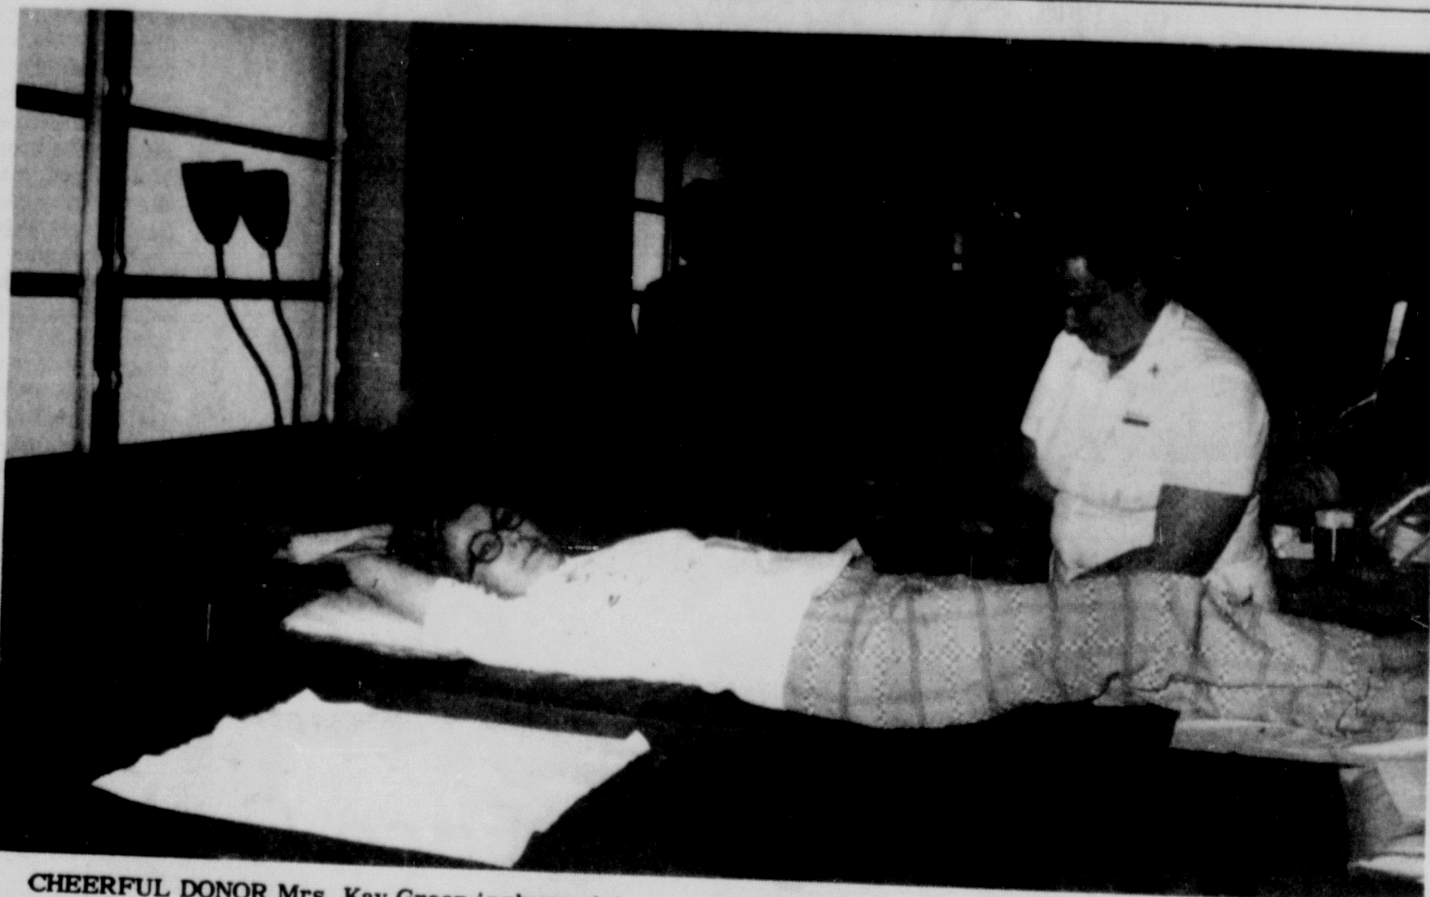

The Cameron Area United Way started its drive for commercial accounts on December 1 and it will continue to December 15. All businesses in the Cameron area will be contacted during this time.

Goal for the drive is \$10,000.

Individuals will be contacted in February 1976. If there are individuals who would like to make their donations before the end of the year, checks may be mailed to The Cameron Area United Way, Box 835, Cameron, Texas 76520.

Agencies to benefit from the drive are expected to be the same as last year, when a record \$16,088 was collected. They include: Council on Alcoholism, Day Care Center, Boy Scouts, Junior Livestock Barn, Salvation Army, Little League, Girl Scouts, Red Cross, and the Community Center.

Drive officials said the money from the drive will be distributed to agencies when the drive is complete. James Hudson is chairman of the current United Way drive.

CHEERFUL DONOR Mrs. Kay Green is shown giving a pint at the Red Cross blood drawing held Tuesday afternoon. A number of high school students also

showed up to give blood and help as volunteers for the program.

City Starts Assessment Program

The first assessment program in the city's planned paving projects received a first reading of an assessment ordinance at Tuesday's city council meeting and was approved by council members.

Streets in the program include portions of West 6th, North Polk, North Jefferson and West 7th. All are in the housing units area. It was agreed that property owners will be allowed to pay out costs in monthly installments

over a period of three years, if necessary.

Following the second reading of the ordinance a public hearing will be called.

In other business, council heard of a drainage problem on East 16th and East 17th from Mrs. Lydia Krennek, who told council that graders had carried off gravel and dirt from her property and water would be coming onto the lot where she lives. A committee

of Councilmen Ernest Moore and Gene Lumpkin was appointed to look into the problem and make a recommendation to the council.

A committee of Councilmen Lawrence Zott and Moore is to study bids on a new garbage truck and body which were submitted from five firms. The truck will be purchased on their recommendation.

A bid on a used garbage truck was awarded to Davis Equipment of Waco for \$8,500. It was the only bid.

CDA director A. W. McCullin reported that a study of the city's sewer system is due by Jan. 1, 1977 and recommended a firm of engineers who would make the study and application for a grant to pay for the study. Mayor Gene Blake said the city wanted "no rush job" on the study and he recommended the city wait until next year to make the study and application.

McCullin also reported on contributions received for purchase of equipment for the OJT park and a breakdown of costs for the new tennis courts.

He also said the city will receive a Bicentennial pecan tree from the Texas Forest Service in February and said a program of dedication would be prepared.

The mayor recommended that a resolution of appreciation be mailed to all agencies that contributed funds to the new tennis courts.

Blake asked council members to be prepared to offer the name of a member of a steering committee to plan a civic center at the next meeting.

The Urban Renewal Board was on hand to present the deed to property in the urban renewal extension area to the city to be designated for public use.

Building Donated For New Park-Playground

The Community Development Agency has announced the donation of a building for the proposed park and playground in the O. J. Thomas School area that will make a variety of services available to area citizens.

A. W. McCullin, CDA director, said the building was presented by the local committee of the Hill Country Community Action Committee and is now in the city awaiting transfer to the park when property becomes available.

The building contains two rest rooms, an office, kitchenette, and a meeting room. McCullin said some primary rehabbing is being done and as soon as property is acquired and land is leveled in the area the building will be located, and will be refinished inside and out.

The building will make possible many services for the area, especially to the aged and shut-ins, such as

the services of a visiting nurse. The building will be available for use for group activities, McCullin said, and he feels it will particularly serve a need for people in the area.

"As this building is available there will be other services that will be available to the community when we have a facility to take care of them," he said.

He said the Agency closed out on its first property in the park-playground area on Monday and work is moving forward on other properties. He said the Agency is experiencing some difficulty in obtaining clear deeds to some of the property.

Bids, which were re-advertised following changes in labor laws, will again be opened on December 17 for work on the playground and on the proposed sewer system for Alabama Town.

Night Changed For Adult Class

Adult education classes have been changed from Tuesday to Monday and Thursday nights.

Anyone interested in working toward GED standing is asked to come to Room 8 at Yoe High on Mondays or to Room 6 on Thursdays.

The adult education classes are open to all persons 17 years of age or over who are interested in obtaining a high school education equivalency.

History Fair Set At Armory

The Junior Historian Chapter of Yoe High School will sponsor its third annual History Fair on December 8-10 at the National Guard Armory.

Projects will include World, American and Texas history and may be viewed by the public from 8 a.m. until 9 p.m. on the 9th.

CITY RECEIVES DEED to the property in the urban renewal extension from the Urban Renewal Board. The property is to be used for an exposition area or other public use by the city.

From left, standing are board members Dr. George Bowman, James Camp, Albert Hajovsky, Miss Mildred Thornton, Bill Burns and Mayor Gene Blake.

Parade Opens Yule Season

A big Santa Parade Saturday morning in downtown Cameron will officially open the yule season and it looks like it will be a good one, with floats and other entries promising a colorful event.

The parade will start at 10:30 a.m. and will wind its way along the regular parade route downtown. James Walthal, parade chairman, said entries will line up at Main and Crockett in front of the First Baptist Church.

Prizes for the best parade entries will be awarded at the mall after the parade and include a first prize of \$35, second of \$25, and third prize of \$15.

Entries signed up so far include Fleur de lis Garden Club, float; Boy Scouts Den 3, float; Cub Scouts Pack 713, float; All-Star Twirlers; Cameron Motor Co., three cars; Arts and Service League, float; Hefley Stedman, three cars; Cameron Equipment, farm machinery; Ladies Bowling League; Cameron 4-H, float; Folk Fete car, and bands.

The Killeen High School Junior ROTC will have a marching unit of some 50 boys and girls with their colors and banners.

And bringing a climax to the parade will be Santa in his sleigh. It is planned that Santa will be on the mall on the 13th and 20th of December for children to visit and tell their Christmas wishes to.

The parade has become an annual event and it is expected that large crowds will be on hand to see the parade and do a little Christmas shopping too.

Mall Movies

Set By Chamber

The Trade Committee of the Cameron Area Chamber of Commerce, as part of its Christmas activities, will present movies on the mall on Thursday, December 4 at 6:30 p.m.

The first showing will be 25 minutes of cartoons, followed by a Walt Disney movie, "Barefoot Executive," which is 96 minutes.

Downtown businesses will be encouraged to remain open till about 9 p.m. so that parents will be able to shop while the children are watching the movies.

Refreshments will be sold during the movies.

Agent Sees Comeback For County Cotton

By Billy M. McCutchen

Cotton was once the undisputed king in Milam County but his pulse has been weakened in past years by the price squeeze and the throne has been usurped by cattle and more recently by grain sorghum.

Even with my track record which admittedly is not the greatest, I am predicting something of a comeback for cotton in 1976. I'm not talking about a complete turn-around but something in the neighborhood of 22,000 acres. This would be about 5,000 acres over the 1975 crop.

My optimism isn't shared by all, but difference of opinion is what makes a horse race. The price looks a little more optimistic and grain prices don't look all that much of a sure thing this year either. Besides that, weeds and Johnsongrass about engulfed us last year and that will encourage a little more cotton acreage.

In the long haul though, I think cotton will make a comeback because it is a quality material and synthetic fibers are losing some of their glitter and their price advantage.

When cotton does make its turn around, Milam County cotton farmers may have some new cotton varieties to help take the risk out of cotton production.

Dr. Luther Bird's cotton varieties have been grown for three years in Milam County on the Joe Mueck and Frank Kratochvil farms. Of all of these, the CAMD varieties have proven to be the best producers. Compar-

isons have been of course with standard varieties.

The CAMD varieties are similar to TAM CO-SP37 in cold tolerance and can be planted ahead of normal cotton planting dates. This gives them an edge on insects, cotton root rot, drought, and harvest.

The big plus has been in yield. CAMD varieties have bested traditional varieties by almost 200 pounds of lint each of the three years they have been in tests in the county. It has also had an advantage over SP37 in both yield and micronaire. Low micronaire and gin trash have been the criticisms of SP37 cotton, and reason for limited acceptance.

I feel that these varieties will be some of the major surgery necessary to help King Cotton back on the road to recovery in Central Texas and hopefully they will be available within a couple of years.

Chartered Buses To Transport Fans For Yoeman Game

A fleet of chartered buses will be making the trip from Cameron to Houston Saturday for the Yoe-Hamshire-Fannett game to be played at Tully Stadium.

The Cameron Area Chamber of Commerce is taking applications for seats on the buses and bus fare is \$8 each. It is planned that the buses will leave at 4 p.m. Saturday for the game.

Student buses will leave the high school at 2:30 p.m. and seats for students are \$1.

Mrs. Barbara Smitherman, chamber manager, said Tuesday that over 200 persons had already signed up for seats on the buses.

The Yoe High Band and the football team will also travel by chartered bus.

A map showing how to get to Tully Stadium is shown this week on the sports page, for those who are driving to the game by private auto.

It's Time Again For Santa Letters

It's time for Santa Letters again. The Herald each year publishes hundreds of letters from young school children and others telling Santa what they want for Christmas.

All children through fourth grade age are invited to send a letter to Santa through The Herald. The letters should be written soon, so the Herald may get them ready in time to send to Santa via the paper.

UNWELCOME HITCHHIKER

OLD PHILOSOPHER

Dear editor:

While it's unarguably true that this country was founded 200 years ago by the best brains it had, it doesn't follow that the best brains have continued to operate it.

I mean, you don't see anybody going around saying: We hold these truths to be self-evident, that every town selects its smartest man for mayor, that every county selects its smartest man for judge, that the Governor is always the smartest man the state's got, that Congress is the nation's foremost brain bank, and things like that.

Therefore, it's incumbent on the country's citizens occasionally to make suggestions to its leaders. For example, although I wouldn't bail out New York unless the Gallup poll showed I should, take the matter of that city's being on the brink of bankruptcy. There's no excuse for it, if we'd follow the system used in England. According to a television documentary I saw the other night, British cities aren't in the

shape New York is in because large portions of their expenses are borne by the British government, such as large parts of police costs, welfare, libraries, firemen, etc.

So you see, British cities aren't in the red, only the British government is.

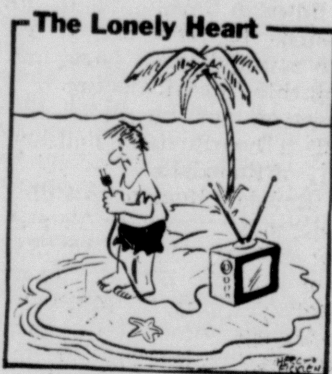

That's the way we should handle it over here. There's no use having cities all over the country operating in the red; let's put all the deficits in one basket, namely Washington, which has had years of experience in that line of work and thinks nothing of it.

It's like my theory about the railroads. There's no use having five or six bankrupt railroads. Merge them all into one and we can then announce we've reduced railroad bankruptcy by 500 percent.

The theory can be used in all directions. Too many college drop-outs? Transfer them to one central college, let them drop out there, and keep every other college's record clean. Too much crime in the streets? Abolish the streets. Kids can't read? Turn on the television set. Can't add and subtract? Teach them to stop losing their pocket calculators.

This letter wound up in a different direction from the one it started with, but when I got up to Congress and brains I figured I'd better not go any further.

Yours faithfully,
J. A.

The Lonely Heart

United Fund Time...

Again, we encourage support for Cameron United Fund, which is starting a bit late, for the usual good causes and \$10,000 to support them.

Through a superb effort last year, Cameron raised \$16,088 ahead of the same

\$10,000 goal and the No. 1 effort percentagewise in Texas.

The United Fund serves agencies in Red Cross, Salvation Army, Scouts, local projects, among others, and deserves our support.

Dateline Austin

Health Programs Face Cutback

State health programs for the needy may have to be cut back after January 1 unless the State Welfare budget can be altered.

While the department may have \$100 million or more in unspent state and federal funds for 1976-77, the money apparently cannot be transferred from other programs to health services.

Welfare Commissioner Raymond Vowell said a health program deficit in fiscal 1977 may run as high as \$76 million.

Welfare officials said they can operate within the overall appropriations available if they can move funds from program to program. However, the legislature has prohibited such transfers.

The State Board of Public Welfare authorized staff sessions with Gov. Dolph Briscoe and the Legislative Budget Board to seek transfer power.

The alternative, according to Welfare Budget Analyst Wes Hjernevik, is reducing or discontinuing nearly all health services for the aged, blind, disabled and other welfare recipients.

Most of the shortage, Hjernevik said, is due to spiraling medical care costs.

Welfare officials are contemplating reducing hospital stay maximums from 30 to 15 days, discontinuing intermediate care nursing home payments, limiting drug prescriptions to two per month and cutting off payments for glasses, dentures and hearing aids.

Control to State

Texas Air Control Board said the federal government is giving the state management of air sampling programs January 1.

The Board will collect for federal study air samples in 14 places — a job now done

by the Environmental Protection Agency.

Amarillo, Beaumont, Corpus Christi, Dallas, El Paso, Fort Worth, Houston, Lubbock, Matagorda County, Pasadena, Tom Green County, Austin, San Antonio and Wichita Falls are sampled areas. City workers will be called on to collect information. The Air Control Board samples air at 100 sites in a state program started seven years ago.

Blue Cross Extended

Blue Cross' Medicaid contract with the state was extended 60 days by the State Insurance Board, though the company won't permit audits of its ad-

ministrative costs.

A company official indicated the state auditor may be permitted at last to check the "methodology" of its accounting system. But he did not say a real audit of the books would be permitted.

Carrillo Sentenced

District Judge O. P. Carrillo has been sentenced to five years imprisonment, five years probation and a \$22,000 fine for filing false income tax returns.

Carrillo still faces impeachment trial by the Senate (now scheduled to begin January 5) and a removal proceeding before the Texas Judicial Qualifications Commission.

An attorney for Carrillo and his brother, Duval County Commissioner Ramiro Carrillo, also sentenced on an income tax violation, said the conviction will be appealed.

AG Opinions

Waste disposal districts have authority to issue bonds for acquisition, construction and repair of disposal systems subject to review by the attorney general, Atty. Gen. John Hill concluded.

A lease of federal land to get the purchase price of parking facilities on the site conveys to the lessee no separately taxable real property interest in facilities.

The News Business...

The news business is fascinating and complex, but not infallible. Producing a totally new product every 24 hours has been called the daily miracle, with reason. If the public were told more about the process, it might be less inclined to accept every quirk and stumble as evidence of a conspiracy to distort the news.

The second reason for a tendency to think the worst is a pervasive distrust of the press which must be evident to every journalist who has extensive dealings with the public.

Many readers feel that the media generally, newspapers and broadcasters alike, are on a destructive rampage. They feel that the zeal that exposed Watergate is being directed toward all public institutions (except the press), and they find it frightening.

They feel further, that in concentrating on official misbehavior, much of it long past, the press is subordinating more pressing and immediate matters: the economic bind many people find themselves in, the real problem with the quality of life in today's world. And they feel that the press is imposing on them a burden of woe beyond reason.

Newspaper people react with professional indignation to the question, "Why don't you print more good news?" They say, rightly, "Our job

is to present the world as it is, warts and all." But they should give some thought to the reader behind the question and the very real danger that more and more readers -- and television viewers too -- will turn away from a lugubrious news diet that doesn't really interest or concern them.

Which brings me to what I have learned about newspaper people in the past year.

Although attitudes are slowly changing, they are still resistant to responding openly and swiftly to charges of unfairness or inaccuracy.

The front page error followed by the tiny correction tucked away inside the paper is still very much with us. And the leisurely, even foot-dragging, handling of complaints contrasts strikingly with the enthusiasm with which a tip on juicy story is explored.

Recently it took me over a month to get the editors I work with to make a decision on how to handle what I considered to be a serious complaint. It is true that they were coping with a particularly troublesome strike at the time, but even so, the priority given this major complaint was much too low.

I also have come to conclude that newspeople are not sufficiently worried about the public mistrust I mentioned earlier.

--Charles Sieb, Ombudsman
The Washington Post

"Low Down" FROM THE CONGRESSIONAL RECORD

By JOE CRUMP

BILL MAKES SEAT BELT USE MANDATORY

Rep. James H. Scheuer (N.Y.) "... I am introducing today a bill (H.R. 20515) to require the States, under penalty of a 10 percent reduction in Federal-aid highway funds, to enact legislation making the use of safety belts mandatory for all citizens at all times subject to certain State-determined exceptions for reasons of physical or mental infirmity, occupation, or body size. Traffic citations, which would carry fines of between \$10 and \$25 would be issued for violations of such laws.

"At a time when we are spending \$120 billion annually, or more than 8 percent of our total GNP, on health care, at

a time when we are moving toward funding a program for national health insurance which will give further impetus to these soaring costs, the Congress and the American taxpayer should be particularly conscious of -- adamantly opposed to -- vast needless and clearly avoidable expenditures on claims for health care, lost work, or death. No taxpayer should be forced to bear the cost of another's gross negligence.

"Furthermore, these expenditures do not even take into account the diversion of such valuable, and limited resources as police, ambulance, and medical services from other areas in which prevention -- of crime, for example, or of serious illness -- is far more difficult and far more costly.

"The President was not wearing his safety belt on October 15 of this year when his limousine was struck by another car in Hartford, Conn. The Secret Service has enough difficulty protecting Mr. Ford already; surely Mr. Ford has an obligation to the Nation

to protect his own life as much as possible.

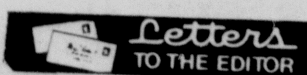

"Apparently, the only solution is mandatory usage legislation.

"If other safety mechanisms can be developed in a cost-effective manner, I will be the first to have them installed in my car. But in the meantime, we cannot sit back in the drivers seat and hope that this problem will disappear.

CRUMP'S GRASS ROOTS COMMENT

The Hon. Rep. Scheuer, whose office is in Room 2348, Rayburn House Office Building, Washington, D.C. 20515, must be caught up with his work. His bill would add just another law to be ignored and add to the burden of law enforcement officers who at present find it difficult to enforce the 55-mile an hour Federal speed law.

Meanwhile, car owners, nationwide, are fed up with directives from Washington.

November 30, 1975

Dear Mr. Luecke,
Thank you for the very beautiful tribute to my brother, Dick, in the Cameron Herald of November 27, 1975.

Yes, he was a quiet man but I do not think he was lonely. He had special interests as you know, and his writing was very important to him. We thought he had a special talent for writing feature articles and encouraged him to pursue this type of writing.

I know he was very proud to see his name on a byline and the Cameron Herald and his oil news played a big part in his life.

Thank you again for his name being on the front page of your paper one more time. It would have pleased him.

Yours very truly,
Elizabeth Waddell
(Mrs. G. R.)

TUSI Opposes Litigation For Scrubber Installation

Texas Utilities Services Inc. (TUSI), an affiliate of Texas Power & Light Company, will oppose litigation attempting to force installation of an expensive scrubber on the Monticello No. 3 lignite-fueled generating unit now under construction near Mount Pleasant.

The scrubber is required to meet Environmental Protection Agency air quality regulations which are being legally challenged by several electric utilities.

A suit to force the scrubber installation was filed recently in the district court of Tarrant County by the Texas Attorney General at the request of the Texas Air Control Board.

TUSI is constructing the Monticello plant for Dallas Power & Light Company, Texas Electric Service Company and Texas Power & Light Company.

In commenting on the suit, T. L. Austin Jr., chairman of the board of Texas Utilities Co., parent company of TP&L, said, "We have not changed our conviction that this equipment is unnecessary and a waste of

our customers' money. We intend to oppose this suit in court because we sincerely believe that such action is in the best interest of our customers who are already deeply concerned about the increasing cost of producing electricity.

"We recognize the position of the PACB," Austin said, "in having to enforce existing Federal air quality regulations. However, EPA regulations requiring the use of scrubbers are unreasonable, arbitrary, and capricious and are now being challenged in the courts. We believe that clean air can be ensured in our area without the unnecessary expenditure for scrubbers and that we have a responsibility to take a stand when government regulations have gone too far."

Austin had appeared before the TACB on September 26, 1975, to notify the Board that the Company would not install the equipment that would cost some \$36 million. At that time Austin said that the Company was still convinced that the scrubber would not significantly improve the

quality of the air people breathe, yet it would add 18% to the cost of every kilowatt-hour generated by the Monticello No. 3 unit.

Law Instruction Due Under Volunteer Program

Mrs. Dolph Briscoe announced that the First Lady's Volunteer Program, Office of the Governor, will participate in a statewide educational program to teach Texas school children how our system of laws operates. The

program is called "Law in a Changing Society" and operates under a grant from the Governor's Criminal Justice Division. The project is administered through the State Bar of Texas and the Texas Classroom Teachers Assoc-

iation.

Mrs. Briscoe said, "Regional volunteer coordinators for the First Lady's Volunteer Program attended a recent conference in Dallas to see how the education program worked and how they could help expand it into all schools."

"The coordinators unanimously supported the project's unique goals and objectives: to teach every school child respect for our laws by showing them the fascinating background of how the rules

we live by are established," Mrs. Briscoe added.

"As we begin our country's bicentennial celebration, I think this is a most fitting project to bring to the attention of our state's 11 million children," Mrs. Briscoe concluded.

Staining of cedar paneling should be done before installation.

New Deadline Set For All Fish Applications

AUSTIN Texas landowners with private ponds have until Jan. 1 to get applications to the Texas Parks and Wildlife Department for large mouth bass, channel catfish and sunfish.

P&WD hatchery coordinator Ted Lowman said this is the first year in which applications for all three species of fish must be in to the department by the first of the year.

"In the past," said Lowman, "private pondowners had until June to make requests for catfish and sunfish."

"But increased demands for fish to be stocked in the state's 350 public reservoirs have strained the department's 400 acres of hatchery ponds."

"Also the old June 1 deadline for catfish came after the fish had spawned and we had no way of projecting how many catfish we would need. With an earlier deadline we can accurately program the demand for all species of fish to be stocked in both private and public waters."

During 1974-75, some 2.7 million fish were delivered for stocking in private waters, which amounts to approximately 12 percent of Texas' total hatchery production of fish for the year. Some 1.3 million large-mouth bass, 970,000 catfish and approximately 400,000 sunfish were stocked.

Other than the new deadlines for sunfish and channel cats, the ground rules for the P&WD's private fish stocking remain the same.

Large-mouth black bass are usually delivered between April 1 and July 1; channel catfish and sunfish are delivered between Aug. 15 and Nov. 1.

The three species are free of charge, but to qualify for the service the private pond must never have been stocked with the requested species, or have completely dried and been refilled since the last request, or have had all fish chemically removed since the last request.

No fish will be stocked in ponds which presently contain any of the requested species.

Landowners with more than one pond which qualifies for fish should combine the surface acres of all ponds when applying for fish.

Application cards are available from all game wardens and P&WD offices.

Sunflowers Show Promise In State's Ag Economy

Sunflowers literally "blossomed" up throughout Texas in 1975 and chances are good that the crop will continue to become more important to the state's agricultural industry in the years ahead.

Good prices caused the sunflower crop to mushroom to more than 375,000 acres in 1975 compared to only 5,000 acres a year ago. However, yields ranged widely over the state due to adverse weather conditions and a lack of knowledge about the crop.

So, an agronomist with the Texas Agricultural Extension Service advises producers who intend to plant sunflowers next year to plan ahead carefully.

"Producers planning to grow sunflowers in 1976 need to take a close look at their farming operation in preparation for next season's crop," points out Dr. John Bremer.

He lists a number of items for farmers to consider.

"First of all, choose your planting area carefully. Stay away from home sites and cotton fields since problems arise when attempting to desiccate the crop.

"Do not plant the crop on the same land year after year as this leads to increased disease problems.

"Plant only high quality seed.

"Inexperienced growers should plant only small acreage of the crop. There are a lot of questions still unanswered about proper management practices for sunflowers.

"Look closely at the market situation before planting sunflowers. Due to the expected increase in production, the market may be less attractive than this past season. It's important to get a price commitment from a buyer.

"Control volunteer sunflowers in next year's crops where sunflowers were planted in 1975. Volunteer plants can cause moisture and harvesting problems in other crops if they are not controlled."

Bremer notes that the Extension Service is attempting to gather as much information as is available to assist producers in making plans for the 1976 sunflower crop. However, knowledge about proper fertility and insect, disease and weed control practices is still fairly limited due to the newness of the crop in Texas.

"The potential for sunflowers remains great, however," believes Bremer, "as oilseed crops continue to gain in prominence throughout the country. Sunflowers also loom as an alternate crop for cotton growers."

Farm Tractors Emerge
 European settlers in colonial America used oxen to draw wooden plows, and it wasn't until 1950 that tractors outnumbered horses on U.S. farms.

Keep fire safety high on your Christmas list. Avoid lighted candles on flammable decorations. Check electric lighting sets for worn insulation, broken plugs or sockets and replace. Buy only sets with Underwriters' Laboratories (UL) label. Sets used outdoors should also be UL approved for outdoor use. To avoid shock, never hang lights on metallic tree. Turn off indoor tree lights when leaving house or retiring for the night.

Agri-Culture?

EARLY TRADING IN COTTON LED TO TODAY'S SYSTEM OF COMMODITY FUTURES TRADING

IN THE 1850'S, FAST-SAILING SHIPS CARRIED SAMPLES OF COTTON TO LIVERPOOL, ENGLAND... ARRIVING WELL IN ADVANCE OF THE BALES THEMSELVES...

LIVERPOOL BROKERS BOUGHT "COTTON AFLOAT" ON THE BASIS OF THESE SAMPLES

AND THIS SYSTEM CONTINUED UNTIL 1866 WHEN THE ATLANTIC CABLE RELAYED DAILY MARKET REPORTS FROM THE U.S. TO LIVERPOOL!!!

White Reminds Farmers To Renew Vehicle Signs

AUSTIN—"Farm tractor struck from behind by auto."

Such headlines are becoming less common in newspapers, thanks to the Slow Moving Vehicle emblem used throughout the nation.

"However, the emblems lose effectiveness as they age," Agriculture Commissioner John C. White reminded farmers.

Recent studies have revealed that although the orange fluorescent centers are highly visible in daylight when they're new, they fade gradually, White stated.

Every two years, farmers should replace the emblem center, either by applying a pressure sensitive triangle overlay or by replacing the entire emblem, White said.

Slow Moving Vehicle emblems can be purchased at

farm implement stores or general merchandise stores specializing in automobile parts.

The emblem is a symbol required on machinery that normally operates at a speed of 25 miles per hour or less.

According to state law, the emblem should be mounted base down on the rear of the vehicle between three and five feet above the road surface.

The emblem is to be maintained in a clean, reflective condition.

Texas Expects New Record In Corn Yield

AUSTIN—Texas farmers are expected to harvest the third largest corn crop on record this year, Agriculture Commissioner John C. White reported.

A 111.1 million bushels yield is estimated by the Texas Crop and Livestock Reporting Service for Texas. This will be the largest since the 111.2 million bushels produced in 1919. Texas' record crop of 117 million was harvested in 1910.

"In 1910, it took five million acres to produce those 117 million bushels," White noted. "This year, our farmers are going to produce that near-record crop on only 1.1 million acres." White attributed this ability to produce more on fewer acres to an increase in irrigated acreage on the Texas High Plains.

Yield per harvested acre is expected to reach 101 bushels per acre—a record for Texas.

According to the July crop report, production for other grain crops has also shown significant increases. Oat yield is expected to top 18 million bushels; barley, 3 million bushels; and rye, 594,000 bushels.

Farm Credit Increasing This Year

Farmers in the United States are borrowing more money than ever from their own banking system, says Johnny Feagan, an economist with the Texas Agricultural Extension Service.

Feagan points out that the number of loans made through the Farm Credit System, which is made up entirely of farmers and farm cooperatives, was almost 20 percent higher for the year ending June 30 than a year ago.

"Loans through the Farm Credit System to farmers and agricultural cooperatives totaled \$30.4 billion this past year, up almost 20 percent," points out the Texas A&M University System specialist. "Loans outstanding in June totaled \$30 billion, a 22 percent increase over last year."

Feeder Pig Clinic Set For Growers

By John E. Snell

A Feeder Pig Production Clinic will be held in Cameron on Dec. 9 at 7 p.m. in the Yoe High School Vocational Agriculture Department.

On Dec. 16 a Feeder Pig Finishing Clinic will also be held at the Yoe High School Vocational Agriculture Department at 7 p.m.

The above clinics will be conducted by Dr. T. D. Tanksley Jr. and Dr. W. B. Thomas, Extension Service swine specialist, and Don Parks, area economist, with the Texas Agricultural Extension Service.

Plans for these clinics were developed by the Milam County Swine Committee in a committee meeting with Dr. Thomas on Sept. 30.

These clinics should be of interest to all feeder pig producers and producers that are involved in feeder pig finishing operations.

All swine producers are invited to attend these two clinics.

SCS News

Change is inevitable in the farmer's search for ways to conserve fuel and maintain yields in the wake of petroleum shortages and higher prices, and national leader of the Soil Conservation Service, says.

"Some farming systems will increase rapidly and others will be virtually abandoned," R. M. Davis, Soil Conservation Service administrator, said in the October issue of "Soil Conservation" magazine.

Minimum tillage, including no-till, is emerging as the most promising fuel saver for farmers. "This practice," said Davis, "has especially high potential for feed grains, cereals, soybeans, and cotton—the crops most in demand on the world market."

In Texas, a switch from conventional tillage to minimum tillage saves an average of about 5 gallons of tractor fuel per acre per year. Since some 456,000 acres were farmed with minimum tillage last year, this amounted to a saving of some 2.3 million gallons of tractor fuel.

USDA predicts that by the year 2000, minimum tillage could account for annual fuel savings of 850 million gallons in machinery operations.

Another energy saver is better management of irrigation water. According to Davis, SCS estimates that by increasing the efficiency of both delivery systems and on-farm irrigation, farmers could save more than 230 million gallons of fuel each year.

"Although we can save a substantial amount of petroleum using the knowledge we have now," Davis said, "USDA and private groups are researching ways to save even more. And USDA is researching other energy sources, such as solar energy for drying crops and livestock wastes."

Cattle Outlook For 1977

Although 1977 may seem like a long way off, that's the target year when things should start looking up for cattlemen.

A livestock marketing specialist for the Texas Agricultural Extension Service believes that if cow slaughter continues heavy through next year and if replacement heifers are at a low level, then the market outlook for cattle should brighten once again.

"We've had too many cows on hand for the past two years, and we must continue to cull

Cattle On Feed Up, But Numbers Down... You May Be The One... 98, 98, 40.

Although cattle on feed in Texas and the nation are reported up, the total number of livestock in the nation apparently is on the decline.

The Texas Crop and Livestock Reporting Service notes that cattle and calves on feed for slaughter market in Texas as of Nov. 1 is 13 per cent above a year ago and 18 per cent above a month ago.

Nationwide, cattle and calves on feed in the seven major cattle feeding states total 7,585,000 head; this is 12 per cent above a year ago.

Texas cattle feeders placed 562,000 head into their lots during October; placements are 82 per cent above a year ago. Total number on feed in Texas is set at 1,761,000 head.

Meanwhile, it's expected that the number of cattle and calves in the nation as of Jan. 1, 1976 may be down one to two per cent compared to Jan. 1, 1975.

If it works out that way, it will signal an end to the latest cattle cycle. Livestock officials are hoping that when the build-up begins again, the rate of expansion can be kept in the one to two per cent annual area rather than the three to four per cent increase annually during the past few years.

Feedlot operators have been in somewhat better financial condition recently; it still will be a long, hard winter for the cow-calf operator, but hopefully, things will improve for him later in 1976.

YOU MAY BE THE ONE who has received or will receive, during the next few weeks, a crop or livestock questionnaire from the Texas Crop and Livestock Reporting Service.

If you are one of them, you are requested to fill out the questionnaire as accurately as possible and return it as promptly as possible. They will be the basis for reports on Texas agriculture, so accuracy is essential.

The reports will give those in and out of agriculture a picture of our most basic industry—Texas agriculture.

98, 98, 40. That isn't a football play or a fertilizer formulation. It is a picture of three major crops in Texas agriculture.

The first 98 is the percentage of completion of wheat seeding for the state. It is virtually finished and is about on average for the past three-year period. Irrigated wheat is making satisfactory growth on the High Plains and is furnishing limited grazing but the dryland crop continues to suffer from short moisture.

From the Low Plains southward, wheat is making good growth and grazing is increasing each week.

The second 98 figure is the percentage of grain sorghum harvest, which is virtually complete for the year. Last year, the crop was only about three-fourths gathered at this time.

While farmers in the northern part of the state have been delayed in harvesting due to high moisture content, farmers in the Rio Grande Valley are ready for harvest of the fall crop of grain sorghum.

The state's cotton crop is about 40 per cent complete now, which is about on average with previous years. While farmers in the northern sections of the state are busy harvesting, farmers in the southern half are destroying stalks.

WHILE turkey may be the number one consideration for Thanksgiving holidays, don't forget that there is also a bountiful crop of Texas citrus this year.

The Texas Crop and Livestock Reporting Service notes that Texas citrus production this year is up 38 percent above last year. Based on Nov. 1 conditions, the citrus crop is forecast at 16,300,000 boxes.

Grapefruit production is expected to be 44 percent higher than a year ago. Early and mid-season oranges are forecast at 3,800,000 boxes, up 30 percent from a year ago. Valencia oranges are expected to be up 24 percent from a year ago. Citrus will be in plentiful supply and should be a good bargain for consumers.

SHEEP AND LAMB feeding throughout the state is above both a month and a year ago. Drylot sheep feeders with a lot capacity of 2,000 head or more had 102,000 sheep and lambs on feed for slaughter as of Nov. 1.

This is 19 percent above a year ago and seven percent above a month ago.

COTTON production in Texas is now officially set at 2,800,000 bales. This represents a decline of 60,000 from a month ago. The 1974 crop was even lower, 2,462,000 bales.

Harvested acres are expected to be down 10 percent from a year ago. Yield is expected to be about 336 pounds per acre, which is nearly 100 pounds under the record year of 1973.

Harvest for the state is more than a third complete, which is about on schedule with a year ago.

ONLY about six percent of the fall seeded wheat in Texas, Oklahoma and Kansas had sufficient growth to support fall grazing. This compares with 23 percent a year ago and about 20 percent two years ago.

Growth on early wheat seedings in Texas has been limited due to short moisture supplies. In the state, only 11 percent of the seeded acreages had sufficient growth to pasture. This was four times less than a year ago.

Forage supplies generally are poor and very little grazing has occurred.

got to figure every possible way to cut costs," contends the Texas A&M University System specialist. "They've got to do a lot of belt-tightening. The annual cost of keeping a cow in Texas averages between \$205 and \$210. Of this about \$75 to \$115 is variable to out-of-pocket costs. If cattlemen can cover these variable costs during the coming year, they may remain in business. However, this means no return to land, labor, or capital. Cattlemen who can stand such a limited income picture will still be in business when 1977 rolls around."

What can cattlemen do to stay in business for another year or so until prices hopefully improve?
 "Mainly, producers have

6 ways your Crop Care dealer helps you make better crop profits:

To help you farm better, and make more money, your Crop Care dealer offers the following services:

1 Complete, accurate, soil testing service. Your Certified Crop Care dealer will take your soil samples and send them for you to a leading soil analysis laboratory. The laboratory soil analysis and computerized fertilizer recommendations will be delivered to you.

2 Plant Analysis. Your Crop Care dealer will help you take samples, and handle all details, up to and including delivering to you the printed analysis of the nutrient uptake of your plants. This service pinpoints deficiencies in uptake of nutrients, particularly minor elements, such as zinc, boron, etc.

3 One-source responsibility for your farm chemicals. Your Certified Crop Care dealer offers weed and pest control programs, as well as fertilization of your crop land. In some instances, your Crop Care dealer may render a complete range of services... from seed corn all the way through drying corn at harvest time.

4 Full measure. You will receive certification that guarantees your getting full weight or volume of fertilizer, or other farm chemicals, you order from your Crop Care dealer.

5 Professional counsel. Your Crop Care dealer is well informed on agronomy. He attends forums

that keep him up-to-date on the latest crop care techniques. Your Crop Care dealer is a central source of information about successful farming ideas used in your area. And he can draw on the experiences and techniques of other Crop Care dealers in the network.

6 Skilled, professional application. As a part of his total Crop Care service, your dealer offers custom application of fertilizer and other farm chemicals. Application may be made by one of your Crop Care dealer crews, or he may arrange for application by an independent applicator.

The services your Crop Care dealer offers are designed to help you get maximum yield, and to free up your time to do what you do best. **Manage.** Nobody can manage your farming operation like you. Your Certified Crop Care dealer can provide professional advice and services to help you do it better.

Remember, you get Certified Crop Care Center services only where you see this sign:

More Beef Due As Feeder Cattle Increase

Cameron, Texas, Herald, December 4, 1975 Page 7

CHICAGO
For consumers, the frustrations of fed-beef shortages and leap-frogging prices may be coming to an end. "Cattle on feed and placement of cattle in feedlots are both up," said John L. Huston, vice-president Beef Programs, National Live Stock and Meat Board. "For homemakers this means increasing quantities of fed-beef in the future and generally stabilizing prices."

Huston based his comments on U. S. Department of Agriculture figures indicating a steady increase in cattle placements in feedlots of the seven leading states over the last year (placements have exceeded last year in seven of the last eight months.) At 2.3 million head in October, placements are 25% over 1974.

USDA cattle on feed reports also support Huston's optimistic outlook. This month cattle on feed in the seven leading states numbered 7.6 million head, 12% ahead of 1974. However, this level is still 21% below that in November 1972, a record year.

These resurgences are tied to grain availability and prices. Cattle feeders were forced by economics to cut back on placements when grain shortages, accentuated by skyrocketing operating costs, occurred in 1973 and 1974. This resulted in beef supplies and retail meat prices that rose and dipped unpredictably.

Current USDA figures indicate feed grain crops will total 24% more than last year. (Corn, sorghum, oats, and barley are the major feed grains grown in the U. S. Wheat and rice, the major food grains, are rarely, if ever, used for animal feed.) Production of soybeans, another food source, is also up 23% over a year ago.

During the past two years cattle feeders have cut back feeding periods for more efficient utilization of feed. There are indications this practice will continue with cattle staying in feedlots for 100 to 150 days (previously this period was from 150 to 180 days). This will maintain an extremely high level of feed efficiency, although it may result in somewhat lower weights for marketed animals.

Feed use is expected to rise 14% over last year in response to the increased grain availability. This is mainly due to increasing placements, but will still be 13% below the average for the preceding three years.

"As more cattle go on feed consumers will discover a continuing, steady supply of fed-beef," said Huston. "One of the major advantages to grain feeding has always been the elimination of seasonal swings in beef supplies. The combination of stable quantities and stable prices will improve the picture for America's beef eaters."

Woman Lawyer Speaks; Makes Waves In Korea

By Oh Ilson

SEQUEL
Reuter--A 61-year old woman who first spoke up for women's rights at the age of seven is now tackling male supremacy in marriage.

Dr. Lee Tai-Young, South Korea's first woman lawyer, has earned international recognition for her devotion to a cause which has brought significant advances for a considerable number of women in a variety of fields.

This year she won the Ramon Magsaysay Award--the Asian version of the Nobel Prize--for "effective service to the cause of equal juridical rights for the liberation of Korean women."

When she spoke in an oratorical contest at the age of seven it was about the status of women in her country. Now she is campaigning for an amendment to the family relations law, which she sees as favoring males in domestic legalities--especially in inheritance, property claims and wedlock.

In inheritance, for example, a son, regardless of his marital status, gets at least twice as much as an unmarried daughter does. If

the woman is married, the share is again halved, Dr. Lee complains.

A husband may inherit all his wife's property if she dies with no surviving children. A widow, however, has to share the legacy of her spouse with his bereaved parents if there are no children.

Dr. Lee feels the present law almost allows bigamy by giving the husband the right to enter the names of his illegitimate children in the official family register.

Sixty-one women's organizations have joined forces to fight for amendment to the law, and Dr. Lee has been made senior vice-chairman of the movement.

Their prospects for success are not regarded as bright in this male-oriented society. The 4.7 million followers of Confucianism, for one thing, are vehemently opposed to the campaign, fearing changes would destroy the time-honored fabric of Korean families.

"The sex bias cannot be removed by revising laws alone, of course," Dr. Lee says. "The more basic problem lies in social attitudes of unwarranted prejudice."

Lott School Sponsors Craft Show

The Lott Elementary School Parent-Teacher Organization is sponsoring an Arts and Crafts Show, December 6.

The show is designed for the Christmas Shopper. There will be rag doll makers, candlemakers, western belts and buckles craftsman, semi precious stone artists and local painters.

There will also be spaces of items for sale to the school age shopper with a limited amount of money to spend. The show is unique in that everyone in the community of Lott--teachers, parents, children, local officials--are all working on it together.

Proceeds will go for improving the school facilities. The show will be held next to the Fair in down-town Lott. For information call Kay Wier 817 584-4435.

'Tanglefoot Junction' Staged In Temple

"Tanglefoot Junction," a musical production portraying the history of the Temple area through song and dance will be performed tonight, Friday and Saturday nights at 8 p.m. in the Temple High School Auditorium.

The show is a series of skits and songs which will cover each decade from the 1880s to the present. Many of the songs are well-known tunes, but two of them were written and orchestrated in New York, as was the entire script, exclusively for performance in Temple.

Baylor educated Jerry McLauchlin, now a New York director and choreographer, has directed the rehearsals. The musical will be performed by local talent. They will be accompanied through song and dance by a full orchestra. Mrs. Regina Woodum of Cameron is a

cast member.

Reserve seats can be purchased at the Temple Civic Theater Box Office at 2625 South 31 St. For ticket information call 778-4751.

Warm Up With Spicy Tea

Cool days and conserving energy make a hot drink even more inviting. Warm up with this hot spicy tea made from Orange Flavor Tang Instant Breakfast Drink. Prepare the mix to keep on hand.

Russian Tea

1 1/4 cups (or one 9-oz. jar) orange flavored instant breakfast drink
1/2 cup sugar
1/3 cup instant tea
1/2 teaspoon cinnamon
1/4 teaspoon ground cloves
Dash of salt
Boiling water

To prepare Russian Tea Mix, combine instant breakfast drink, sugar, instant tea, spices, and salt. Store in tightly covered jar. Makes 2 cups mix.

For each serving hot Russian Tea, place 1 well-rounded teaspoon of mix in a cup. Add boiling water; stir until dissolved.

For 1 quart of hot Russian Tea, combine 1/3 cup of the mix with 1 quart boiling water in a heatproof pitcher or serving bowl.

Club News

REACT

The Milam County REACT Club will hold a meeting Saturday, Dec. 6 at 7:30 p.m. at the Cameron Community Center.

There will be a covered dish supper and election of officers.

Personal Mention

Mr. and Mrs. E. L. Kahler have returned from North Carolina where they spent the Thanksgiving holidays with their son, Charles Kahler, and family.

Comments From Chris

By Chris Holcombe
Milam County
Extension Agent

Come one, come all is the call to all the Milam County Home Demonstration Club Members. The annual county Christmas Party will be held December 8 at 2 p.m. at the New Salem Home Demonstration Club House in Fair Park in Rockdale.

The New Salem Home Demonstration Club will furnish the refreshments and all other clubs are to provide recreation and games. All members are invited and urged to attend. Everyone attending is to bring a gift. This year everyone is asked to bring a creative gift, something they have made or fixed themselves.

We wish to take this opportunity to express our sincere Thanks and Appreciation to our many friends and relatives for the many gifts, flowers, cards, and Masses received on our Golden Wedding Anniversary. We shall always remember each and every one for making this day a happy and memorable day.

Witnesses Face Rank Persecution

"Thousands of Christians are now under brutal persecution in Malawi," declared Raymond E. Waldron, presiding overseer of the Cameron Congregation of Jehovah's Witnesses. "Starting August 19, 1975, more than 34,000 Jehovah's Witnesses from Malawi who fled as refugees to Mozambique in 1972 because of severe persecution were forced to return to Malawi and now experience brutal persecution again. All of this is because of their refusal to join a political party."

Waldron said he had received a report from N. H. Knorr at the Brooklyn Headquarters of Jehovah's Witnesses. Knorr said that when a group of Jehovah's Witnesses arrived at the Malawi border, the minister of the Central region, Kumbweza Banda, greeted them: "We welcome you with both hands. You left Malawi of your own accord and now you have returned of your own accord. The Malawi Congress Party is still in power in this country. Go back to your home villages and cooperate with the party officials."

Then referring to the members of the League of Malawi Youth, he said: "My boys are here to see that you cooperate with the Party." Soon roads in the north and central regions of Malawi were filled with Jehovah's Witnesses on their way back to their home villages.

In some instances the Witnesses were allowed to enter their villages and take up occupancy of houses they abandoned in 1972. However, in most cases Youth Leaguers soon called to ask if they were prepared to buy political party cards. Referring to Jesus' example of political neutrality, the Witnesses refused. Immediately beatings, rapings, and other atrocities began again and many were driven from their homes.

The Second Sunday of the Advent season will be observed this Sunday at the Tracy and Cameron United Methodist churches. The 2nd candle of the Advent wreath will be lighted and the sacrament of the Lord's Supper will be observed.

The chancel choir will go to the First Baptist Church of Calvert to sing the Cantata "Night of Miracles" this Sunday evening at 7 p.m. The choir will present the same Cantata at the Cameron church next Sunday evening at 7:30 p.m.

All of the members of the Cameron church who have "Show You're Grateful" Stewardship cards are urged to mail the cards to the church this week. Next Sunday has been proclaimed "Victory Sunday" for underwriting the church programs for 1976.

Kanchenche six Witness women were all raped by several men. In Sosola village a group of men and women, including the local Member of Parliament, Elson Muluzi, seized the possessions of the Witnesses and drove them from the village.

Early in September youths under the direction of the Kasonjola branch of the Malawi Congress Party visited home of Jehovah's Witnesses in six villages, demanding they buy party cards. When they refused, the youths stole all their belongings, subjected them to terrible beatings, and urinated on the supply of flour that these refugees had brought with them, making it unfit for food.

In other locations Witnesses were stripped naked, their hair burned off their bodies with torches and beaten until blood came out of their mouths and noses. This happened at Chimasonwe village in Lilongwe under the direction of the local chairman of the Youth League, Chipukupuku, while the attackers were urged on by local women members of the League of Malawi Women.

Because no one will accept them, many Witnesses have been forced to wander in the cities by day, sleeping in nearby forests at night. Upward of 4,809 fled to neighboring Zambia, but reports just received say that they were repatriated to Malawi by force.

Obituaries

Svetlik

Lad Svetlik, 86, of Rt. 2, Buckholts died in a Cameron hospital early Tuesday morning.

He was born Dec. 28, 1888 in Milam County and had lived in the Buckholts area all his life. He was a retired farmer and a member of SPJST Lodge No. 15.

Funeral service was held at 2 p.m. Wednesday at Marek-Burns-Laywell Funeral Home with the Rev. Frank Simcik officiating. Burial was in the Corinth Cemetery.

Surviving are his wife, Mrs. Carolyn Svetlik of Buckholts; three sons, Steve Svetlik of Buckholts, Albert Svetlik of England, and Theodore Svetlik of Dallas; a brother, L. A. Svetlik of Buckholts; three grandchildren and one great grandchild.

Pallbearers were nephews.

Mrs. Myrtle Mae Varner of Gause died November 25. Funeral service was held Nov. 28 at 10 a.m. at the Gause Methodist Church.

Rev. Robert E. Bishoff officiating. Burial was in the Gause Cemetery.

Mrs. Varner taught in the Hearne Public schools and for many years served as superintendent of the Gause School System. She was born in Birkin, Wis. and prior to settling in Gause her family lived in Waco.

Surviving are her husband, G. R. Varner of Gause and several nieces and nephews.

Pallbearers were Raymond Slay, Joe Moore Sr., W. L. Ditto, B. A. Cunningham, Gwen Fleming, Allen Doty, and Robert Doty Jr.

Nightingale of the playroom

Less than a century and a quarter have passed since that terrible winter when Florence Nightingale ministered to suffering British soldiers. Until then there had been no place for women nurses in military hospitals, and not many women nurses anywhere.

Ever notice how often it is the occupations or professions of SERVICE TO OTHERS that excite the imagination of our children? We should learn something from that!

Boys and girls see themselves as amateur adults. Through their imagination they often show us the world they would like to live in.

Their hopes can become a reality if we support our churches with our faith and our families. After all, it was the Founder of Christianity who insisted that He came not to be ministered unto, but to minister.

News From Gause

By Mrs. Wanda Lee

Mrs. Harvey Roper and Mrs. Bill Cartwright visited recently in Groveton with Mrs. Roper's brother and wife, Mr. and Mrs. Emery Garner. This past week the Garners along with Mr. and Mrs. James Cartwright of Green Forest, Arkansas, Mr. and Mrs. Bill Cartwright and Mr. and Mrs. Kenneth Roper, Michelle, Keri and Kenny had Thanksgiving dinner with the Ropers.

Mr. and Mrs. J. W. Bland of Humble spent Thanksgiving Day with Mr. and Mrs. George Bland.

Mr. and Mrs. Roger Kingsley spent the Thanksgiving holiday in Bryan with Mr. and Mrs. Travis Weedon and daughter. Mr. and Mrs. Jack Graham and children of Bellville met them there for the holidays.

Bill Hairrell was admitted to the hospital in Hearne last Friday.

Thanksgiving dinner guests with Mr. and Mrs. Koye Cass and Kay were Mr. and Mrs. Roy Gene Miller, Regina and Trent of Milano, Mr. and Mrs. Jimmy Cass, Dwayne, Lisa and Carmen of Lexington and Mr. and Mrs. Alton Wells of Houston. Mr. and Mrs. Ray Cass and Renee and Mr. and Mrs. Wayne Lee and children and Mrs. Margie Crouch.

Mrs. Lillie Harris accompanied Mr. and Mrs. Weldon Kirk and daughter and Mr. Obie Kirk of Hearne to Austin Thanksgiving Day where they had lunch with Mr. and Mrs. Howard Joe Watson and family. Obie Kirk's other children and families joined them there. On Saturday, Mrs. Harris went to New Baden where she spent the day and had another Thanksgiving dinner with her brother and sister-in-law, Rev. and Mrs. J. Q. Jones, their children, grandchildren and great-grandchildren.

Mr. and Mrs. Alfred Coats, Ray and Kevin honored their daughter and sister with a Mexican dinner in their home this past Tuesday night, November 25 in observance of her sixteenth birthday. Others sharing in the occasion were J. D. Wilkins, Mrs. Mildred Ely, Mr. and Mrs. Vince Campise, Joy and James Rasco, Ronda Huddleston, Calvin Miller.

Thanksgiving guests in the home of Mr. and Mrs. Alfred Coats, Sherri, Ray and Kevin on Thursday were Mrs. Mildred Ely, Mr. and Mrs. Reed Ogden and Theresa of Pasadena, the Gene Allen Busby and Lisa, the David Wilkins, J. D., Diana and Jennifer of Houston, the Steve Rachuis and Kristi, and the Johnny NiglaZZos and Shana of Hearne, Guy Ogden and the Clyde Curries of Marlin.

Remember Saturday night the School Parents Club will sponsor a Party at the school beginning around 7 p.m. Refreshments will be sold and there will be a movie shown for the youngsters in the auditorium with an admission of 50 cents.

Mr. and Mrs. Bob Carmichael and Miss Cheryl Slay spent Saturday in Dallas.

Mr. and Mrs. Dennis Ely, Denise and Chris of Bryan spent Thanksgiving Day here with his mother, Mrs. Anna Mae Ely.

Mr. and Mrs. Alton Wells of Houston visited during the Thanksgiving weekend with Mr. and Mrs. Ray Cass and Renee and Mrs. Margie Crouch.

Mr. and Mrs. Buel Rains went to Austin Wednesday and spent the holidays with Mr. and Mrs. Bill Anglen. Others joining them Thursday for Thanksgiving were Mr. and Mrs. Jerry Morris of Austin, Mr. and Mrs. Billy Gene Shaw and children of Houston and Mr. and

Mrs. Mike Rains of Gause.

Thanksgiving dinner guests with the Cecil Butlers were the Lee Roy Berhingers and Angie and Missy of Waco, the Garland Hux's, Staci and Jeff of Cameron, Mrs. Lizzie Rains, Mrs. Roy Fuller and Mrs. Lizzie Hughes. Later in the day Mrs. Vera Butler, Mrs. Wiley Kirk and Mrs. Mary Brazell stopped by for a visit in the Butler home. Staci and Jeff Hux spent the weekend with their grandparents and on Saturday night they, Mrs. Lillie Harris and their grandmother attended the monthly music program in Milano.

Mr. and Mrs. Larry Butler and son of Austin came by and picked up his grandmother, Mrs. Vera Butler, and they went to Texas City where they spent the night with Mr. and Mrs. Hilton Butler. Larry and family visited with Mr. and Mrs. Cecil Butler Sunday afternoon before returning to their home in Austin.

Sharp-Tracy-Fr'ship

By Mrs. Leroy Guillote

Sunday will be church and communion services held in the Sharp Presbyterian Church with Rev. Bayers officiating. Visitors are welcome.

The annual Thanksgiving services were held Thanksgiving in Friendship at the Friendship Methodist Church. There were many folks from all over who came to enjoy the homecoming services with Rev. George Doss officiating. Dinner was held on the grounds following the services.

Linda Coffman, Aline Yates of Dallas and Debra Anis of Frisco spent the holidays with Mr. and Mrs. Howard Coffman.

Miss Peggy Brockenbush of Edna spent Thanksgiving with her parents, Mr. and Mrs. Floyd Brockenbush.

The Arthur Rinn family of Austin visited with his mother, Mrs. Edna Rinn.

Mrs. D. L. Ellington is reported doing well following surgery in Richards Hospital.

Elmer Rinn, Norma Rinn and Anna Hodge spent Thanksgiving in Cameron with the Gene Mitchan family.

Mrs. J. D. Pope visited with Mrs. Ernest Backhaus in Rockdale Tuesday and they spent a while with Mrs. Effie Gamble at Manor Rest Home.

Mr. and Mrs. J. D. Pope spent Saturday and Sunday in Austin with the John Dewey Pops and Mellisa.

The Julian Pops and son of Tulsa, Oklahoma spent the Thanksgiving holidays with his parents, Mr. and Mrs. Bill Pope. Other guests of the Pops were Homer and Mary Pope of Indiana and also the Curt Beans and Mrs. Myrta Rhodes of Baytown who attended the Thanksgiving services held in the Friendship Church.

Holiday guests of Mr. and Mrs. H. J. Ellender were the J. P. Purcells and daughters, Lee Ann and Danielle of Willsborough, Miss Linda Ellender of Oklahoma City, Mrs. Elaine Ocker and children of Garland, Mrs. Mary Bales and children of Belton, Mrs. Zane Bales of Temple and the Richard Guillotes of Fairfield.

The Ellenders took Mrs. Purcell and daughters back home to Willsborough Sunday.

Dewey Pope and Billy of Jacksonville, Fla. spent two days with his sister and family, the H. J. Ellenders. The Lanis Pettys spent the holidays in Houston with their daughter and her husband, the David Simmers. They also attended the wedding of Mr. Petty's niece, Verna Tate in Victoria.

The Bill Roeslers were in

St. Edward

To Study Heart Pace

Temporary pacing of the heart may be useful for some patients suffering from acute heart disease or other medical problems.

Such pacing is done by machines external to the body, either until a decision can be reached to implant a more permanent pacemaker or until the acute illness has passed.

Professionals at St. Edward Rischer Memorial Hospital in Cameron will participate in discussions of "Temporary Pacing" Thursday, Dec. 4, beginning at 12:30 p.m.

The continuing education seminar will originate from The University of Texas Health Science Center at San Antonio and local participants will communicate with the medical school by means of a live, two-way teleconference hookup.

Maysfield

By Mrs. J. P. Wise

Thanksgiving guests of Mr. and Mrs. Vaughn Thweatt were Danny Thweatt and Jim Reynolds and Mrs. Loretta Vrana of Houston, Mr. and Mrs. Kenneth Thweatt and Cindy and Ronnie, Mrs. Carroll McElwath and Ned and Joey of Cameron, Mr. and Mrs. Herbert Thweatt and Randy, Mr. and Mrs. Larry Thweatt and Lee of Austin, Mrs. Leota Thweatt, Mr. Fred Hefti, and Mrs. J. P. Wise.

Mrs. Roy Newton and Mrs. Mariema Massengale spent Thanksgiving with the Bob Newtons in Austin.

Mrs. W. C. Cooper visited her son and family the Carl Coopers in McGregor Thanksgiving.

Holiday guests of Mrs. Doris Gleason were Mr. and Mrs. Tommy Gleason and daughters and Mr. and Mrs. Randy Gleason all of Houston and Mr. and Mrs. Valter White.

Mrs. Marguerite Massengale and her guests Mr. and Mrs. Jack Massengale and children of Kansas City visited the Billy Bartons and Ed Weerens in Austin Saturday.

Dallas and Greenville Saturday and Sunday and visited with their children and families, the Eddie Phillips', the Johnny Phillips', the Willis Williams', the John Allen Roeslers, and the David Roeslers and daughter.

The Roeslers spent Thanksgiving holidays in Houston with their daughter, Joyce and husband Benny Reynolds. The Wavely Woodlys of Girvin were weekend guests of the Roeslers.

The Roeslers are keeping their granddaughter, Monica, for two weeks. Her parents are David and Cathy Roesler of Dallas.

Mr. and Mrs. Preston Schwartz's son-in-law, Lester Hanke has been very ill following surgery in the Lampasas hospital. The Lester Hanke live in Copperas Cove.

Mr. and Mrs. Tim Hanke and Joe Wayne of Palacios spent Thanksgiving with his parents, Mr. and Mrs. Karl Hanke.

The Buck Garners spent Thanksgiving in Austin with the Barkley Garner family. Sunday the family all met in Mr. and Mrs. Buck Garner's home. They were the Barkley Garner family, the R. T. Fowlers of Austin and the Paul Mitchells of Hearne.

I flew to Philadelphia and was met there by my son, James, and daughter, Susan, for a week's vacation in New Jersey. I attended the wedding of James and his bride, Sheila, got acquainted with my little granddaughter, Danielle Ann, Jerry and Carol's year old daughter. I toured McGraw-Hill where Susan is employed. Susan, Mary Jean Guillote, my grandchildren, Mike and Michelle, and I spent a day at the Philadelphia Zoo. I returned home Thursday morning.

Governor OKs Grant

Governor Dolph Briscoe announced his approval today of a \$32,550 grant to Central Texas Council of Government for continuation of a regional law enforcement officer training project. Two basic certification courses and four specialized courses will be offered to an estimated 175 area officers.

The money comes from the Criminal Justice Division of the Governor's Office. CJD administers the state's block grant from the Law Enforcement Assistance Administration under the Crime Control Act of 1973.

The grant was among 52, totaling approximately \$3.5 million, which Governor Briscoe approved

urday.

Pool Jamison of Freeport is visiting his sister, Mrs. Hallie Massengale.

Holiday guests of Mr. and Mrs. Harvey Radtke were C. D. Holloway of Los Angeles, Mrs. Trudy Holloway and children of Houston, Mr. and Mrs. Billy Frank Radtke and children, Mr. and Mrs. Mack Radtke and family of Houston, Mr. and Mrs. Tony Lamme of Austin and Mr. and Mrs. Murfee Tyson and son of South Houston.

Mr. and Mrs. Jack Massengale and children of Kansas City, Kansas are visiting his mother, Mrs. Marguerite Massengale, Mr. and Mrs. Wesley Jareash and children of Dallas joined them for Thanksgiving day.

People once believed that goats had their beards combed by the devil once a day.

LARRY MAHAN: WORLD'S CHAMPION ALL-AROUND COWBOY

Conlee's Top Hand was the Number One Yielder in nine Texas official experimental stations.

Here's a real winner... a free sack of Top Hand with every ten you buy... and, a famous Buck Muskrat Knife for early bookings.

That's my offer. I'm Larry Mahan. I've misjudged a lot of broncs in my time, but there's one thing I'm sure of...

When it comes to making you a bundle of profit, Conlee's Top Hand grain sorghum is "a cut above the rest".

Top Hand is a yellow endosperm, medium to early maturing hybrid. It's disease and drought tolerant, and it comes on strong with irrigation.

Top Hand produces big, high quality heads that dry fast, thresh clean. And, it really stays with the Texas weather 'cause it has an extra large root system that's stout as a bull.

Plant Top Hand this season. Convince yourself it'll out perform all the rest. See your seed dealer about my offer right away. A free sack of Conlee Top Hand... and a \$13.00 Buck Muskrat Knife any man would be proud to carry.

See your dealer or call Conlee Seed, Texas Toll Free 800-792-2215

CONLEE

It's a cut above the rest.

SEED CO., INC. P.O. BOX 7247 • WACO, TEXAS 76710

By Mrs. Gerald Foshea

The annual Joe and Anna Marek family reunion was held Saturday Nov. 29 at Flag Hall of Cyclone with over 80 attending from Austin, Burlington, Ben Arnold, Cameron, Cyclone, College Station, Dallas, Lewisville, Meeks, Rosebud, Temple, Pettybone, Wilson, Wilder, Waco, Westphalia, Weatherford, Houston. A delicious barbecue supper, catered by Mikeska's of Taylor was served at 6:30 p.m., a meeting followed and a dance later.

The Thomas Polks, Darrell and Donald of Rosebud, Mrs. Betty Ralston, Bobby and Carla, Mrs. Allan Gannon and Bridgett, Mrs. Brenda Campbell and Stacy Pinkerton of Temple visited Mr. and Mrs. Gerald Foshea during the Thanksgiving holidays.

Mrs. Will Stoeber entertained the 42 club last Tuesday afternoon.

Mr. and Mrs. J. T. Marek, the Joey Mareks and daughter of Lewisville spent Saturday night with the W. G. Mareks and Charles.

Mrs. Aleta Marek returned home Friday with Charley Marek after spending the week with the Billy W. Mareks and Steve of Plano.

Mr. and Mrs. Herman Dorrer Jr. and Yvonne and the M. D. Swanzys of Rosebud returned home Sunday evening after spending several days on a trip as far as McAllen and Brownsville. On their way home they visited with the Keith Schwartz family of Austwell.

The community is invited to attend a get-together covered dish supper on Thursday night Dec. 4 at the Burlington Recreation Hall beginning around 6 p.m.

Mr. and Mrs. James Bos-tick and girls of Temple, Mr. and Mrs. David Krause, Darren, Michele and Stephanie of San Antonio and Kelly Meek of Austin had Thanksgiving dinner with the Phil Krauses.

Mr. and Mrs. Phil Krause, Mr. and Mrs. David Krause and children and Kelly Meek of Austin had supper with Mr. and Mrs. James Bos-tick and girls of Temple on Saturday night.

Mr. and Mrs. Lynn Heugatter and Allison, Mr. and Mrs. Billy J. Kilpatrick and Kelli Jo of Temple and Mrs. Jo Heugatter of Rosebud had Thanksgiving dinner with Mr. and Mrs. W. G. Marek. Laurence Kostrom, Mark and Chip of Cameron had dinner with Mr. and Mrs. Otto Mayer on Thanksgiving Day.

Mrs. Aleta Marek and Eddy Janke spent Monday evening with Mrs. J. T. Prescott and Jake.

Mrs. Kathleen Hammond returned home one day last week after spending some-time at St. Edwards Hospital of Cameron for treatment.

Cedar Use Tips Booklet Topic

Practical tips on how to select cedar siding and paneling lumber and how to install and finish it are collected in a new booklet, offered at 25 cents by the Western Red Cedar Lumber Association, Dept. 612, Yeon Building, Portland, Or. 97204.

Sketches and text show the various board patterns, how to install and nail siding and paneling, and charts show how to estimate coverage and choose the right size nails.

Also described is installing paneling against concrete, and how to acclimatize lumber before putting it up.

By Chris Holcombe

Two Milam County 4-H girls placed first in the state 4-H recordbook judging in September and their recordbooks have been in competition for further awards.

Mary Lee Graham, the daughter of Mr. and Mrs. Billy Graham of Thorndale, is attending the National 4-H Club Congress in Chicago on Nov. 28-Dec. 5 as state winner in the National 4-H Santa Fe Awards Program. Mary Lee is currently serving as chairman of the District 10 4-H Council and as a member of the State 4-H Council.

She was the 1974 Milam County Gold Star Girl, placed first in the State Money Management Contest in 1973, placed first in the state Farm and Ranch Management Team Contest in 1974, and placed third in the Natural Resources Demonstration at State in 1975. Mary Lee has served as 1973 Milam County 4-H Princess, held a variety of offices in her local club, served as junior leader in several project areas, and was chairman of the Milam County 4-H Council in 1974.

Shirley Juneke, daughter of Mr. and Mrs. W. B. Juneke Jr. of Rt. 1, Buckholts, placed 5th alternate in the regional judging on her entomology recordbook. Shirley was a member of the 1974 state winning entomology team and served as coach for the 2nd place state winning team this past year. For winning state, Shirley will receive a \$50 savings bond.

MAP showing location of Tully Stadium, site of the Saturday Yoemen game. Motorists come in from Sealy on Interstate 10 and take a right on Dairy Ashford to Tully Stadium.

SPORT SPOTLIGHT

By FORREST GUESS

TURF...
Can the playing surface make any difference? This will be the first time the Yoemen have played on astroturf and it can make a difference. The Yoemen worked out at Baylor Stadium Tuesday evening. The Yoemen will also workout in Waco Thursday afternoon, according to Coach Cauley.

Cauley said that the shoes that the Yoemen presently wear can be used on astroturf—if it is dry. Baylor athletic department has offered the Yoemen the use of their shoes if the weather condition is rainy.

BAND...
Sometimes it's hard for

young (and even old) people to take ridicule. The Yoe High band took some verbal abuse from the McGregor band Friday night before the game. (McGregor received a first division rating in marching contest and were quick to tell the Cameron band that they did.)

When the McGregor band marched around the track before the game, the Yoe band gave them a standing ovation. Which is a pretty hard thing to do after being ridiculed.

The gesture should not go unnoticed. What a group! It was evident who really was 'Number One.' And again at half time it was easy to see who was the best.

There is a lot more to it than marching a first division. I'm glad the band has realized that and I know they will continue to show how a 'Number One' band acts and performs.

Coach Cauley added, "Our band just adds to the spirit of things, and adds to the community's spirit. They are truly 'Number One' to me."

GRAHAM SAID...
"Our offensive line did real well. McGregor had a lot of quickness and we had to get after from the first. "David Fincher had an outstanding evening. I felt that the complete line did an outstanding job."

CAULEY SAID...
"When McGregor lined up in the single-wing formation, I felt they were concerned. I looked over at Coach Graham and he was smiling. We knew they hadn't lined up in the single-wing during the season."

"They did line up in the shotgun formation but they hadn't used their single-wing any this year. You can't put it on in a week. They tried and it just resulted in 4th downs."

"We were real pleased with our over all effort. We decided to rush their punter, and it got us in trouble the first thing. We knew that their kicking game was weak and we hoped to get them in a hole."

"Hamshire-Fannett has really come on strong this season. They are 12-0. They will come at you with a lot of different sets and formations."

"They are a good offensive ball club and their quarterback is a fine runner and thrower. They have three good pass receivers and they can set up the passing game real easy."

"To win we must not make any mistakes. We stumped our toes during the quarterfinals last year and we didn't like it."

"We will be playing in one of the finest stadiums and it will be good experience for us. There will be a pep rally at 10:30 a.m. Friday and there will be another at 1:30 p.m. Saturday just before we leave."

"We will stop and eat at Brenham and will arrive at Tully Field at 5:30."

O J T Cagers

Begin Season

OJ Thomas basketball has begun and the '75 season includes girls and boys action. This is the first time that girls have participated in UIL basketball competition.

In boys action, the 7th grade Yoe Yoes have split wins in their first two games. Belton defeated the Yoe Yoes 22-30 and then the OJT cagers rebounded with a 23-22 win over Rockdale.

Jasper Harden sank a last second free throw to ice the game and give the Yoe Yoes a one point advantage.

In the 8th grade roundball competition, Belton downed the Yoe Yoes in the opener 33-40. In the second game Rockdale outscored OJT by 10, 33-43.

Dean Lewis burned the net for 12 points to be the leading scorer for the 8th grade team. Both Dow Dodd and Terry Lowe tallied 10 points for the Yoe Yoes.

The 7th and 8th grade boys will face Marlin Thursday at OJT Gym with tip-off time at 5 p.m. The 7th and 8th grade girls will play Rogers Thursday night at 5:30 p.m. in Rogers.

Two Undefeateds Vie For Semi's

Young, talented, and undefeated is just a quick overview of what the Longhorns of Hamshire-Fannett will display at the quarterfinal battle at Tully Field in Spring Branch Saturday as the Yoemen defend their Number One ranking.

The Longhorns have battled through their '75 season with the poise of an experienced ball club, which may not be the case. The Horns return 3 offensive and 2 defensive regulars back from last season. They were the only team to defeat Newton, who unthroned the Yoemen in the quarterfinals in '74.

It was to be a season of building, but instead the Longhorns and their many different offensive sets have cruised past their opponents with the galmor of the Yoemen. Coach Ed Cauley said that the Longhorns were expected to be a tough team next

year, but they have surprised everyone and have accumulated a 12-0 record so far this season.

Next year, whether it comes early or not, the Yoemen will face Les Koenning, a throw-happy and run-happy quarterback. The Longhorns have more offensive sets than players and Koenning will be in command with a better idea of how the offense should operate.

The Longhorn running game will spotlight #20, Gary Melancon along with fullback Louis Comeaux, #22. They have been back-ups to the running quarterback, Les Koenning, who is the leading scorer for the Horns.

Size will make some difference in off-setting the varied offensive sets with the front line's average weight at 175. All the front line was inexperienced at the beginning of the season, but with 12 games under their pads, mistakes are few with Hamshire-Fannett.

The Horn defense will set up and play head-on football,

according to Coach Cauley. The defensive line will be coming off an average weight of 171 pounds on the front line. The defensive secondary will be holding off the Yoe passing game with 151 pound average.

Not having the size of the Yoemen, the Longhorns will be depending on their quickness and ability to line up and run from more offensive sets than the old Los Angeles Rams.

"They aren't as large, but

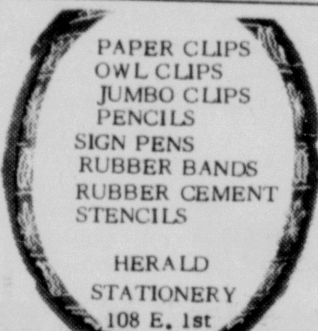

again, they are quick and will line up in a lot of sets," Coach Cauley said. "They will run from the Slot formation, I, unbalanced line, split receivers, and all kinds of stuff. They are looking for a way to gain an advantage."

Defensively Coach Cauley added, "They will line up and play you pretty tough. So far they haven't done a lot of stunting, but you never know what they might do against us."

HOME BAKING FOR THE HOLIDAYS

Good food is an important part of any holiday, but this is especially true of Christmas. Women who rely on the bakery or packaged mixes throughout the year turn to treasured recipes for home baking when this special season rolls around.

Our spirited Holiday Cake can be the finale for your Christmas Dinner. Super-moist and delicious, this lavish cake, soaked with a rum syrup, will win acclaim from the entire family.

No one will ever believe that this scrumptious cake is low in cholesterol and saturated fat, but it is! The secret ingredients that make the difference are Fleischmann's Corn Oil Margarine and Egg Beaters Cholesterol-free Egg Substitute. Sensible eating never tasted so good!

Decorated with red and green candied cherries, this Spirited Holiday Cake is dressed for the day, so show it off. Place on your sideboard or buffet surrounded with evergreens for a festive highlight to your dining room.

SPIRITED HOLIDAY CAKE

- 2-3/4 cups unsifted flour
- 3 teaspoons baking powder
- 1/2 teaspoon baking soda
- 1/2 teaspoon salt
- 3/4 cup (1-1/2 sticks) Fleischmann's Margarine
- 1-1/2 cups sugar
- 2 teaspoons grated orange peel
- 3/4 cups Egg Beaters Cholesterol-free Egg Substitute
- 1/2 cup skim milk
- 1/4 cup orange juice
- 1 cup chopped pecans
- Rum Syrup (recipe below)

Confectioners' Sugar Glaze (recipe below) Red and green candied cherries

Combine flour, baking powder, baking soda and salt; set aside. Cream together margarine, sugar and orange peel until fluffy. Gradually beat in Egg Beaters. Add flour mixture alternately with skim milk and orange juice, beginning and ending with dry ingredients. Mix in pecans. Beat until well blended. Turn batter into a well greased and floured 10-inch tube pan. Bake at 350°F. 50 minutes or until done. Before removing from pan immediately prick surface with a fork or cake tester. Pour warm Rum Syrup over cake. After syrup is absorbed, remove from pan and place on wire rack to cool.

When cake is completely cooled prepare Confectioners' Sugar Glaze. Pour and spread glaze over entire cake to form a smooth surface. Let dry for 10 minutes before decorating. Use red and green candied cherry pieces to make poinsettias and holly leaves. Makes one 10-inch cake.

RUM SYRUP: In a saucepan combine 1/3 cup sugar and 1/4 cup water; bring to a boil. Remove from heat and stir in 1/4 cup orange juice and 2 tablespoons dark Jamaica rum.

CONFECTIONERS' SUGAR GLAZE: Combine 2 cups confectioners' sugar, 3 tablespoons warm skim milk and 1/4 teaspoon brandy extract in a bowl and beat until smooth.

Card Of Thanks

Our thanks to the Cameron and Milano Volunteer Fire Departments for the time and effort involved putting out the difficult grass fire that was threatening our home and property.
